

A note from Sue White, CWC President

March 16, 2020

Ladies,

Please be advised that the CWC luncheon and meeting for April 6, 2020 is cancelled. Following the advice of our government officials – we need to stay home and away from crowds for an unknown amount of time. I am asking each of you to check on our members, especially those who live alone. A friendly telephone chat will certainly add cheer to someone's day. Our luncheons and meetings will resume once our community is in the clear.

If you have mailed your check for the April luncheon, Sandy Mefford will deposit all checks. Sandy will keep a record and your money will be applied to a future luncheon. With regards to the May and June luncheons, information will be forthcoming toward the end of April via email.

In the Miami Valley we have experienced more than our fair share of distress this past year. Although most of us are senior citizens, we are tough and resilient and will get through this pandemic situation. Take care, we can do this!

Sue
